FROM SRI LANKA TO THE BRITISH ISLES

The Fat Crab was founded in 2014 with the idea of bringing the flavours and nostalgia of the Sri Lankan home food to the masses. Our food is an adventure to the warm sandy beaches, calm ocean and exotic spices of Sri Lanka.

At The Fat Crab, it is all about enjoying seafood in the most authentic and enjoyable way. With your hands, a bib and surrounded with your loved ones and friends.

Whether it is the Indian Ocean, Ecuador, Alaska or the British Isles and Ireland; our seafood is delivered fresh everyday to ensure your Fat Crab visit is the "ultimate seafood experience."

What makes us special

We serve our food with a twist. You choose your main whether that be a crab, lobster or a handful of prawns. Then you pick your flavour and your heat level. Then, you can add extras such a fresh corn, potato, clams or mussels. Whilst you tuck into your starter we prepare your main and sides and serve it to you in our big steamer bags.

We don't do plates, your food is brought to your table in a steamer bag to ensure that all of the flavours are infused and locked in from the moment it is cooked until you open it on your table. There's nothing quite like opening one of our steamer bags and seeing the steam pour out and smelling the fresh seafood and spices

Our secret signature spices and sauces are created fresh daily by our chefs. We promise that once you have dipped your lemon pepper fries into our signature Whole Shabang sauce, you will be lost in seafood heaven!
